Dear President:

Your request for permission to operate as a Private Organization and use of banking facilities is approved. This authorization automatically expires August 7, 2027. The permit and control number for your reference is AMIM-HM-NF-120.

Please ensure your leadership and members remain aware of, and complies with all requirements for reporting, fundraising, and facility use as referenced in Army Regulation 210-22 and United States Army Garrison Humphreys Administrative Policy for Private Organizations. Permission to operate is provisional and non-compliance with references listed above subjects your organization to the repeal of permission to operate on the installation.

In addition, the provisional use of banking facilities with Community Bank, APO AP 96271 is authorized as of August 8, 2025, to establish and maintain a US financial institution.

The primary and alternate custodians for banking must be on file and updated with the Directorate of Family and Morale, Welfare and Recreation. Any changes to the custodians must be reported and coordinated prior to communication with the financial institution.

As a reminder, a non-federal entity (private organization) is not an instrumentality of the United States Government, is self-sustaining, and may not receive financial assistance from the Department of the Army or Non-appropriated Funds. This approval does not constitute an obligation on the part of the Department of the Army for any liabilities incurred and all liabilities are the sole responsibility of your organization.

In closing, best wishes in operating your organization in a safe and upstanding manner to help make Camp Humphreys an exemplary community.

Sincerely,
